Ukraine: Are we heading for World war 3?

**Monday 17th
October 2022
17:00 BST**

The Ukraine crisis has caught us all out. It should not have ! It arises from a geopolitical confrontation between Russia and the West, which was becoming clear as early as 2008. What has happened and why?

Speaker Christopher Coker is Director London School of Economics - IDEAS and former Professor and Head of International Relations at LSE. He is the author of over twenty books. His last was Why War? (2021)
